“I have been able to reduce my dependence on my moisturizing eye drops. I have been using anti-inflammatory drops for many years and am finding great relief with NuLids. I have reduced my anti-inflammatory use to almost nothing! My eyes feel so much better throughout the day. I work on a computer all day and by the end of the day my eyes were red, burning and very tired. NuLids has made a great improvement!”

At first, I did not think NuLids was making a difference, and then I accidentally dropped my unit. Oh my, I missed it dearly until the replacement came. I totally believe NuLids helps tremendously with symptom management.”

*Alene

“Before using any-Lids I had tried everything. My life was disappointing because of dry eye. Now I can blast through most activities. I think it’s really made a difference. **I have been able to reduce my dependence on moisturizing eye drops and am hoping to eliminate serum drops next.**”
